ECIS Technology Conference: March 2015 Presentation Proposal

Building Engagement

Dear Presenter,

Firstly, a big thank you for offering to present at the upcoming ECIS Technology Conference on March 20-22, 2015.

The focus of the weekend is the impact of technology on teaching and learning. Sessions in this direction would be preferred to sessions focusing solely on the tools.

We would like to collate all presentation / workshop outlines as soon as possible so that we can put together the programme, and provide you with feedback to ensure there are no significant overlaps throughout the day.

Could you please fill out this presentation / workshop proposal form, no later than January 8, 2015.

Proposals will be reviewed. Expect to receive confirmation by January 15, 2014.

Many thanks again for your participation!

Some information about the Pre-Conference:

The Pre-Conference on Friday, March 20 will have two strands. Strand A: Making tech support work at your school. Strand B: Maker Spaces and Design Thinking: for design technology teachers and ANY teacher who would like to incorporate this kind of thinking into their classroom practice.

I would like to present at the

◯ Pre-Conference (Friday March 20)
◯ Main Conference (Sat/Sunday)
